

Get Up

Get up, get up and tell the world
Get up, get up, some people haven't heard
That Jesus paid the price
So we could have eternal life
Get up, get up, get up and tell the world
(2xs)

Every day in all that you say and do
There's a way to say that He loves you

Get up, get up and tell the world
Get up, get up, some people haven't heard
That Jesus paid the price
So we could have eternal life
Get up, get up, get up and tell the world
(2xs)

Every day in all that you say and do
There's a way to say that He loves you

Every day in all that you say and do
There's a way to say that He loves you

Get up, get up and tell the world
Get up, get up, some people haven't heard
That Jesus paid the price
So we could have eternal life
Get up, get up, get up and tell the world
