

I Am Free

Through You the blind will see
Through You the mute will sing
Through You the dead will rise
Through You our hearts will praise
Through You the darkness flees
Through You my heart screams I am free

CHORUS:

I am free to run
I am free to dance
I am free to live for You
I am free

Through You the blind will see
Through You the mute will sing
Through You the dead will rise
Through You our hearts will praise
Through You the darkness flees
Through You my heart screams I am free

CHORUS

(I am free to run)
Through You the blind will see
Through You the mute will sing

(I am free to dance)
Through You the dead will rise
Through You our hearts will praise

(I am free to live for You)
-Through You the darkness flees
Through You my heart screams (both) I AM FREE!

CHORUS

I am free!
